SERVICE STRIPES

Shall be worn on the lower left sleeve of the long sleeved uniform shirt, with the lower edge of the bottom stripe ½-inch above the top edge of the cuff. The complete stripe shall be in front of the center press of the sleeve. Additional stripes shall be spaced ¼-inch apart. Stripes shall be sewn on with a matching color thread and with professional skill.

Material U.S. Government specified Navy Melton cloth cut on a 45-degree angle.

Thread Embroidery threads shall not exceed 150/2 denier, high tenacity, continuous filament, vat-dyed rayon.

Embroidery The grey stripe (Z.B, Yarns Cable No. 64), shall be 5/16-inch wide and 2-1/4 inches long. The navy Melton backing shall be 1/8-inch longer and wider than the gray stripes.

TIE CLASP – TEAM/UNIT DESIGNATION (Optional)

Shall be 2 inches in length and 9/32 to 11/32 inches in width, with level back construction and a serrated spring clip securing the necktie to the shirt front. The finish of the tie clasp shall be satin.

Affixed to the outside center of the tie clasp shall be an Area Team, or specialized unit device; i.e. (Newton, Team 4)

The letters and number shall be rhodium plated with an oxidized background to emphasize the letters and numerals. The Team/Unit designation device shall be cast out of pewter base metal, 18 pt. “CAPS” 20th Century Futurea, medium condensed, read right type. The overall dimensions of the device will not exceed 5/8-inches in width or 3/8-inches in height.

WHISTLE

Shall be either black plastic or chrome plated metal with a small wood or cork ball in the barrel shaped chamber providing a shrill rolling noise. It shall have an eyelet and metal ring centered on the exterior surface of the barrel chamber allowing attachment of a chain.

KEY HOLDER

GENERAL DESCRIPTION

The key holder shall be made of 7 to 8 ounces of full grain leather, dip dyed black and creased 1/8-inch from the outside edges. It will be 3/4-inch wide and 10-1/2 inches long folding over to a length of 4-1/2 inches. It shall be stitched with 277 nylon thread approximately 1-1/2 inches from the doubled over end to hold the key snap in place. The key snap shall be black in color and 1-7/8 inches long #713 size 3/4. The key ring shall be black and approximately 1-3/8 inch diameter. The key snap spring and hook shall have rounded edges to prevent accidental snagging or catching of automobile seat material when quickly exiting a vehicle. Safety Speed Holster Inc. Model #PL-66 or equal.
